I have been informed of the fee schedule for the 2011-2012 school year and agree to remain current (due the first of the month and late on the fifteenth of the month) in paying my child's tuition. I also understand that there will be a graduated 2-5% late fee attached to late payments.

I agree to give two week written notice, including payment, to the director prior to the departure of my child from this program.
